## Plastimo LPG Galley Stoves

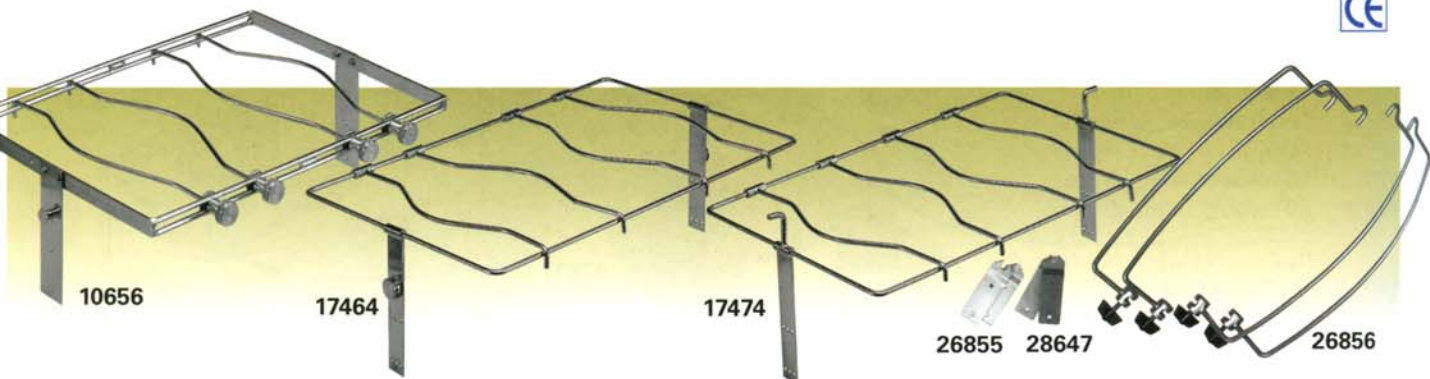

A properly equipped galley can make cooking aboard a pleasure. Plastimo LPG stovetops and ovens have built-in safety and convenience features you'll appreciate for years to come. They're constructed to

the highest standards using only quality materials. Compare Plastimo's features and prices to other units on the market, and you'll see the value Plastimo offers.

## Gimbals and Pan Clamps

Safe cooking means no flying pots and pans or dangerous hot spills. Gimbals and pan clamps ensure safe cooking at sea or in a busy anchorage. Stainless

steel gimbaled rails are cleverly combined with pan clamps. They fit predrilled holes in Plastimo stainless stoves and ovens. Stainless steel screws included.
